

Working student (m/f/d) to support our team wanted at the next possible date

Our profile

The leap in time Lab is a research institution in Darmstadt known from the press, founded in 2016 as a spin-off of the Technische Universität Darmstadt.

We pursue the goal of researching future working worlds and making them tangible for science, business and society.

Your tasks

To support our team, we are looking for a working student who is energetic and can work independently and reliably.

Tasks include:

- Maintaining the social media pages
- Preparation and maintenance of presentations
- Support in office management
- Testing and trying out future technologies
- Support in the execution of experiments
- Literature research:

Your profile

If the following characteristics essentially apply to you, then our team is the right place for you:

- Enthusiasm for the future of the working world and new technologies
- Creativity and openness for innovative ideas
- High resilience and flexibility
- Ability to work independently and in a structured manner
- Study in computer science, business administration, psychology
- Programming skills are desirable but not a must
- English language skills

Are you interested?

Then please send your application documents (incl. motivation letter, CV and current grades) to:
"info@leap-in-time.de".

We are looking forward to your application!
