

Working student (m/f/d) to support our team wanted at the next possible date

Our profile

The leap in time Lab is a research institution in Darmstadt known from the press, founded in 2016 as a spin-off of the Technische Universität Darmstadt.

We pursue the goal of researching future working worlds and making them tangible for science, business and society.

Your tasks

To support our team, we are looking for a working student who is energetic and can work independently and reliably. In your position, you will have tasks in many different fields, such as:

- Working in different Areas of Expertise
- Performing Market Research on Innovative Futuristic Technologies
- Support in Business Development
- Support in Marketing
- Other internal tasks (e.g. support of experiments)
- Literature research

Your profile

If the following characteristics essentially apply to you, then our team is the right place for you:

- Proactive, creative student, preferably with knowledge in Business Studies or similar fields
- Interest in innovative topics, such as the Future of Work and Robotics
- Ability and motivation to contribute own ideas
- Eager to form the future

Benefits

- An exciting, innovative working environment
- Opportunity to make a difference and help shaping a young company
- Working with state-of-the-art technologies
- Work in a dynamic team
- Comprehensive and continuous professional development
- Flexible working hours
